WHOLESALE PRICE LIST

FALL 1911

U. S. Department of Agriculture

LIBRARY,
Washington, D. C.

The Bay State Nurseries

WINDSOR H. WYMAN, Proprietor

North Abington, Massachusetts.

Trees, Shrubs, Evergreens, Vines,
Roses and Herbaceous Perennials.

Long Distance Telephone, Rockland 26.

Cable Address, "Nursery," Boston.

Telegraphic Address, North Abington, Mass.

THE BAY STATE NURSERIES

Location of Nurseries

The Bay State Nurseries are located in North Abington, Mass., 18 miles south of Boston, on the Plymouth division of the N. Y., N. H. & H. R. R.—half way from Boston to Plymouth. Trains leave the South Station at frequent intervals during the day. **Visitors are always welcome.** Our office is ten minutes' walk from the station. If notified, we gladly meet visitors at the station and take them about the nurseries.

The Planting Season

Evergreens can be successfully transplanted during August and September. Herbaceous Perennials do best when moved during September and before the middle of October. Trees and Shrubs can be safely planted any time after October 1st, until freezing weather sets in.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the **TRANSPORTATION COMPANY.**

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT.

CONDITIONS OF SALE

First—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. **Five hundred** will be furnished at the **thousand** rate; **fifty** at the **hundred** rate and **five** at the **ten** rate.

Second—While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, **we do not give any warranty, expressed or implied;** and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. **No complaints will be considered that are not made within ten days after receipt of stock.**

Third—The prices annexed do not include the boxes or bales. A charge for the actual cost of the boxes or the material used in baling is made. No charge for conveyance to freight station.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. **All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.**

WHOLESALE PRICE LIST

PACKING HOUSE ADJOINING RAILROAD SIDING
ERECTED 1910

ORNAMENTAL DEPARTMENT

NOTE—In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly; unless otherwise advised.

RHODODENDRON MAXIMUM

Very desirable for massing or as individual specimens.
See our quotations for specimen nursery transplanted plants.

RHODODENDRONS

We are growing and importing many thousand Broad Leaved Evergreens, increasing our plantings from year to year. Our stock comprises the best Hybrids of the most hardy sort, and the native *Catawbiense Maximum*, and Alpine varieties; also Mountain Laurel (*Kalmia latifolia*). If you want nursery grown natives, we have them by the carload. If you require collected Maximums, we can furnish them by the thousand or any number required.

CHOICE NEW ROSE.

WHITE MADAME CAROLINE TESTOUT

This is a new Hybrid Tea Rose of great merit; a cross between Madame Caroline Testout and Kaiserin Augusta Victoria. It has the vigor of growth of the Caroline Testout and the bloom is of the same shape and character except as to color, which is pure white like the Frau Karl Druschki. We have the only plants there are in this country, and the stock abroad is limited

A Partial View of Our Herbaceous Perennial Grounds, Showing Masses of Hardy Phlox in the Background.

HERBACEOUS DEPARTMENT

The growing of Herbaceous Perennials has come to be one of the important features of our business. We have twelve acres devoted exclusively to the growing of Perennials. We are continually receiving letters of appreciation relative to the stock we are sending and our methods of packing. Our stock was never so large as now, and we feel sure that we can furnish this most popular class of plants from our fields that will not be not only second to none, but far superior to much of the seedling pot-grown and divided stock which is being offered at low rates. Field grown stock of the proper size will secure for the planter the best possible results.

HARDY PERENNIALS, FERNS AND GRASSES

Full descriptions will be found in our General Catalogue.
